JEC GROUP, THE IDEAL PARTNER TO HELP YOU MEET THE RIGHT BUSINESS CONTACTS

JEC Group is the **largest composite organization**, with a network of 250,000 professionals worldwide.

JEC Group manages the **world's leading event** in the composite market (JEC World).

JEC Group has acquired **international reputation for its composite industry expertise** and ability to deliver great content insights, through its magazine, publications, conferences, forums and workshops.

DISCOVER THE “ALL-INCLUSIVE” FORMAT:

Sponsor Exhibit Area
+50 Companies

Keynotes Speeches & Conferences
Program on “Ground Transportation
& Construction “

Pre-arranged
Business
Meetings

Premium Events:
Unique Evening Experience and
Innovation Awards Ceremony

JEC FORUM CHICAGO, CONFERENCES & BUSINESS MEETINGS

EXTRA ADDED VALUE FOR THE SPONSORS

1

SPONSOR EXHIBIT AREA

Through the JEC Forum Chicago, you will benefit from a more “customized” service, since you will be able to manage your entire event experience seamlessly: Event registration & pre-packaged booth, business meetings organization, access to the conferences.

2

CONFERENCES PROGRAM

JEC Group has launched an event combining an exhibition area, business meetings and conferences. Following the success of the last two North-American events focusing on the Construction and Transportation industries, this new edition is bringing together these two markets through innovation, keynote speeches and technical presentations.

3

PRE-ARRANGED BUSINESS MEETINGS

The JEC platform will help to identify and meet with the most relevant and targeted business contacts for you, developing beneficial and long-term relationships.

4

PREMIUM EVENT

Make meaningful connections through endless networking opportunities with all activities taking place together (Unique evening Experience in Chicago, after-hours event, Innovation Awards Ceremony, ...)

5

ADDITIONAL VISIBILITY

Present your company’s main activities and products on the JEC Forum Chicago, benefit from visibility on all the promotional material - digital and print- by sponsoring our programs (conferences, networking breaks, unique dining experience, Innovation Awards Ceremony, ...)

CONFERENCES BRINGING TOGETHER INFRASTRUCTURE & GROUND TRANSPORTATION

JUNE 19, 2019

AM

SESSION 1: The Challenge(s) In Building And Infrastructure

- The scale, value and trends of projected building/infrastructure activity globally.
- A new carbon ontology: Hydrocarbons as Benign Material Resource for Civilizational-Scale Building.
- Upstream viewpoints : the stranded asset scenario as motivating change.

SESSION 2: Lessons From Other Sectors

- Earning from automotive: attaining agile, cost-effective production of buildings.
- Mass production of large structural elements: the logics and economics.
- Thin ply technology carbon fiber materials and manufacturing: why not for buildings?

PM

SESSION 3: Lighter, Energy-efficient Transportation Means Thanks to Composites

- Different requirements for EVs vs ICE vehicles, forecast for the growth of those markets, and how the business case differs for the two types of cars.
- Structural Polyurethane Honeycomb Parts.

SESSION 4: Multi-material solutions in Transportation

- One Step Hybrid Molding Process, a cost effective manufacturing technique for composite parts.
- Advanced modeling and simulation of SMC processes.

JUNE 20, 2019

AM

SESSION 5: First Responders: Environmental, Logistical, Economic, Political Challenges For Composite Buildings

- Outline the difficulties that have been faced and overcome, and discuss what PCT would like to see to accelerate the uptake of composite buildings internationally.
- Thoughts on the still-boutique use of composites in construction, articulating the potentials and impediments to broader uptake of this new material paradigm.
- Thoughts on the prospect of high-volume production for mass housing, and the social, legal, logistical, technical and economic challenges.

SESSION 6: Design and Manufacturing Challenges of Using Composites in the Transportation Industry

- Carbon fiber evolution in buildings 1990-2020.

SESSION 7: Emerging technologies - round table

- Facilitate introduction of carbon-based materials in buildings.
- From methane to high quality carbon fiber in less than a meter!
- The multivalent forms + applications of graphene: solar skins, super capacitors, resins...

PM

SESSION 8: Transportation in Smart Cities

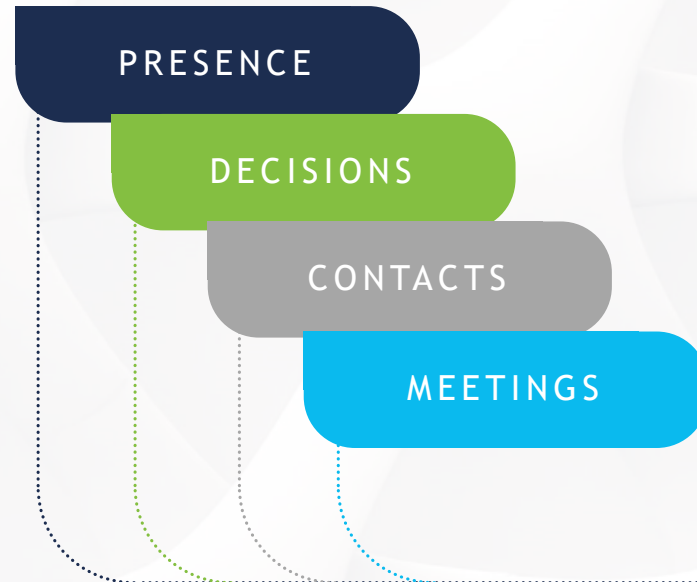

- Strategic Automotive Initiatives - Autonomous Vehicle.
- E-mobility.

SESSION 9: Technologies for the Future

- Measuring Strain and Temperature Inside a 3D Printed Chassis.
- The role of Engineered Compounds and 3D printing in the transportation and construction industries... A Green solution for tooling.
- Practical Optimization of Composite Structures for Infrastructure and Transportation Applications.

2019, WE ARE CONSTANTLY SEEKING TO PROVIDE MORE VALUE FOR SPONSORS

KEY OBJECTIVES DURING JEC FORUM CHICAGO EDITION

Double the presence of **OEM/end users and Composite Part Producers** at the event.

Increase significantly the **right decision maker profiles for sponsors** (eg. Heads of R&D, Innovation, Engineering, Purchasing, etc.)

Provide a “customized” service to sponsors to **find the most relevant and targeted business contacts** to each of them (detailed info on participant profile, business objective, etc.)

And overall, increase exponentially the number of **“pre-arranged meetings”** for every sponsor.

AS A SPONSOR YOU WILL GET FULL ACCESS TO OUR:

BUSINESS MEETINGS

Make contacts you won't find anywhere else thanks to our dedicated program.

EVENT KEYNOTE SPEECH

Don't miss the chance to attend the key presentation of the event.

NETWORKING CLUB

Enjoy an exclusive area to meet & network with your peers.

CONFERENCE SESSIONS

Increase your knowledge by attending presentations covering subjects from: design optimization, cost-effective manufacturing processes, light-weighting, standardization, etc. from high level speakers from the composites industry.

EXTENSIVE PROMOTION THROUGH JEC GROUP NETWORK

Before, during, and after the event, benefit from a presence on all our promotional material, digital and print.

INNOVATION AWARDS CEREMONY

Join us in celebrating this year's champions in the following fields: Building & Construction, Infrastructure, Ground Transportation, and Future Mobility.

UNIQUE EVENING EXPERIENCE

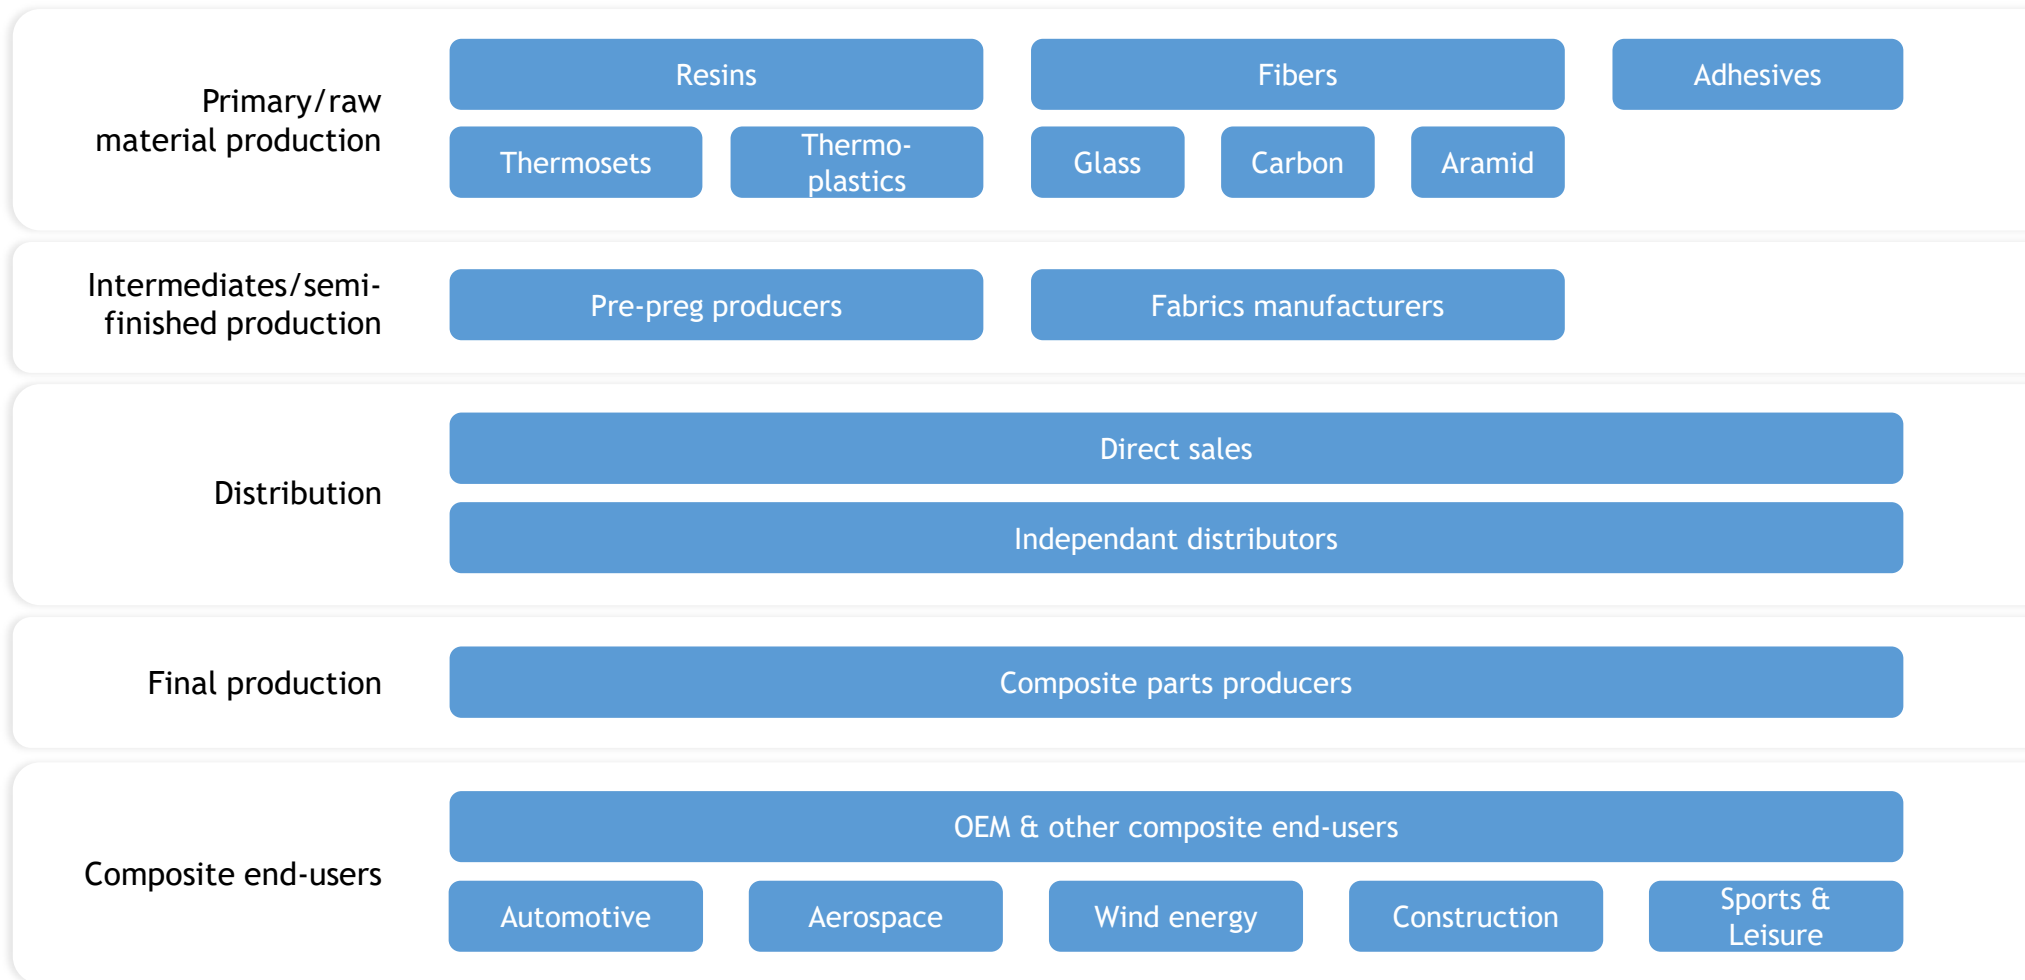

Seize the chance to meet around 300 participants, bringing a high-value experience.

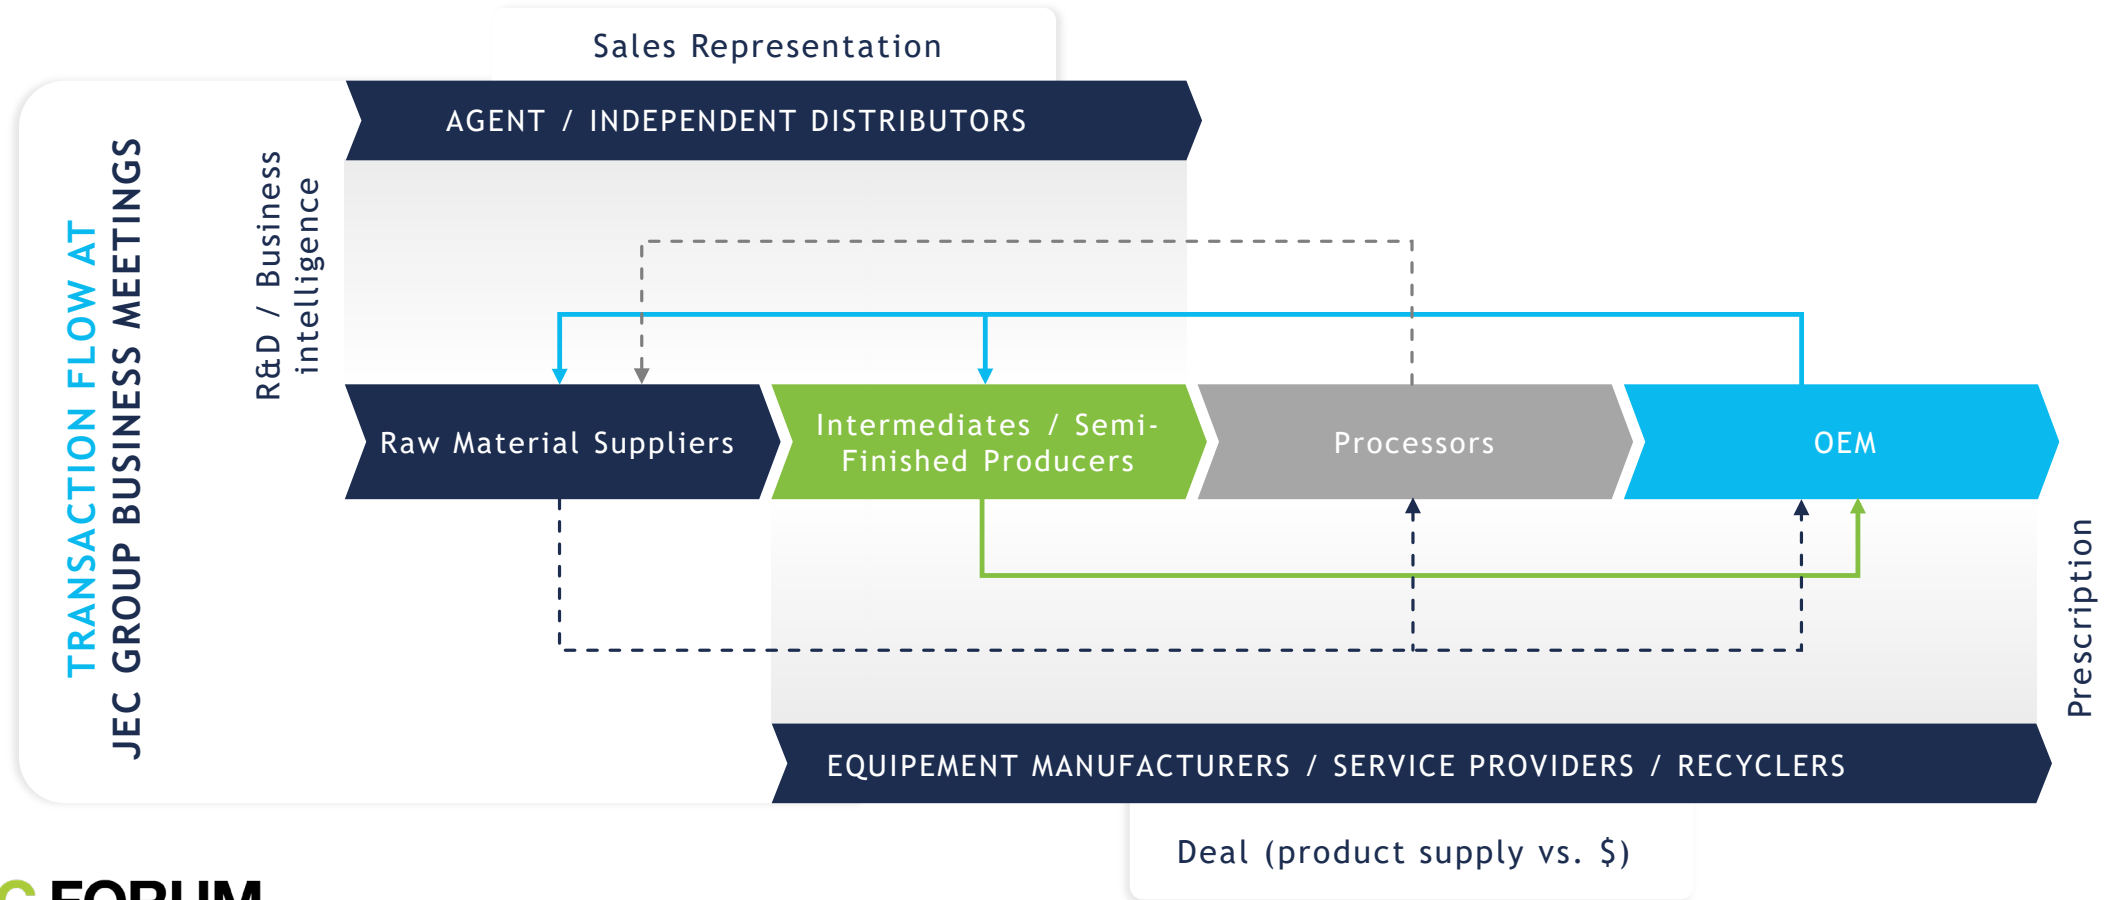

F&B

Including two-day lunch and after-party access at the Networking club area.

WE BRING TO YOU THE WHOLE COMPOSITE INDUSTRY VALUE CHAIN...

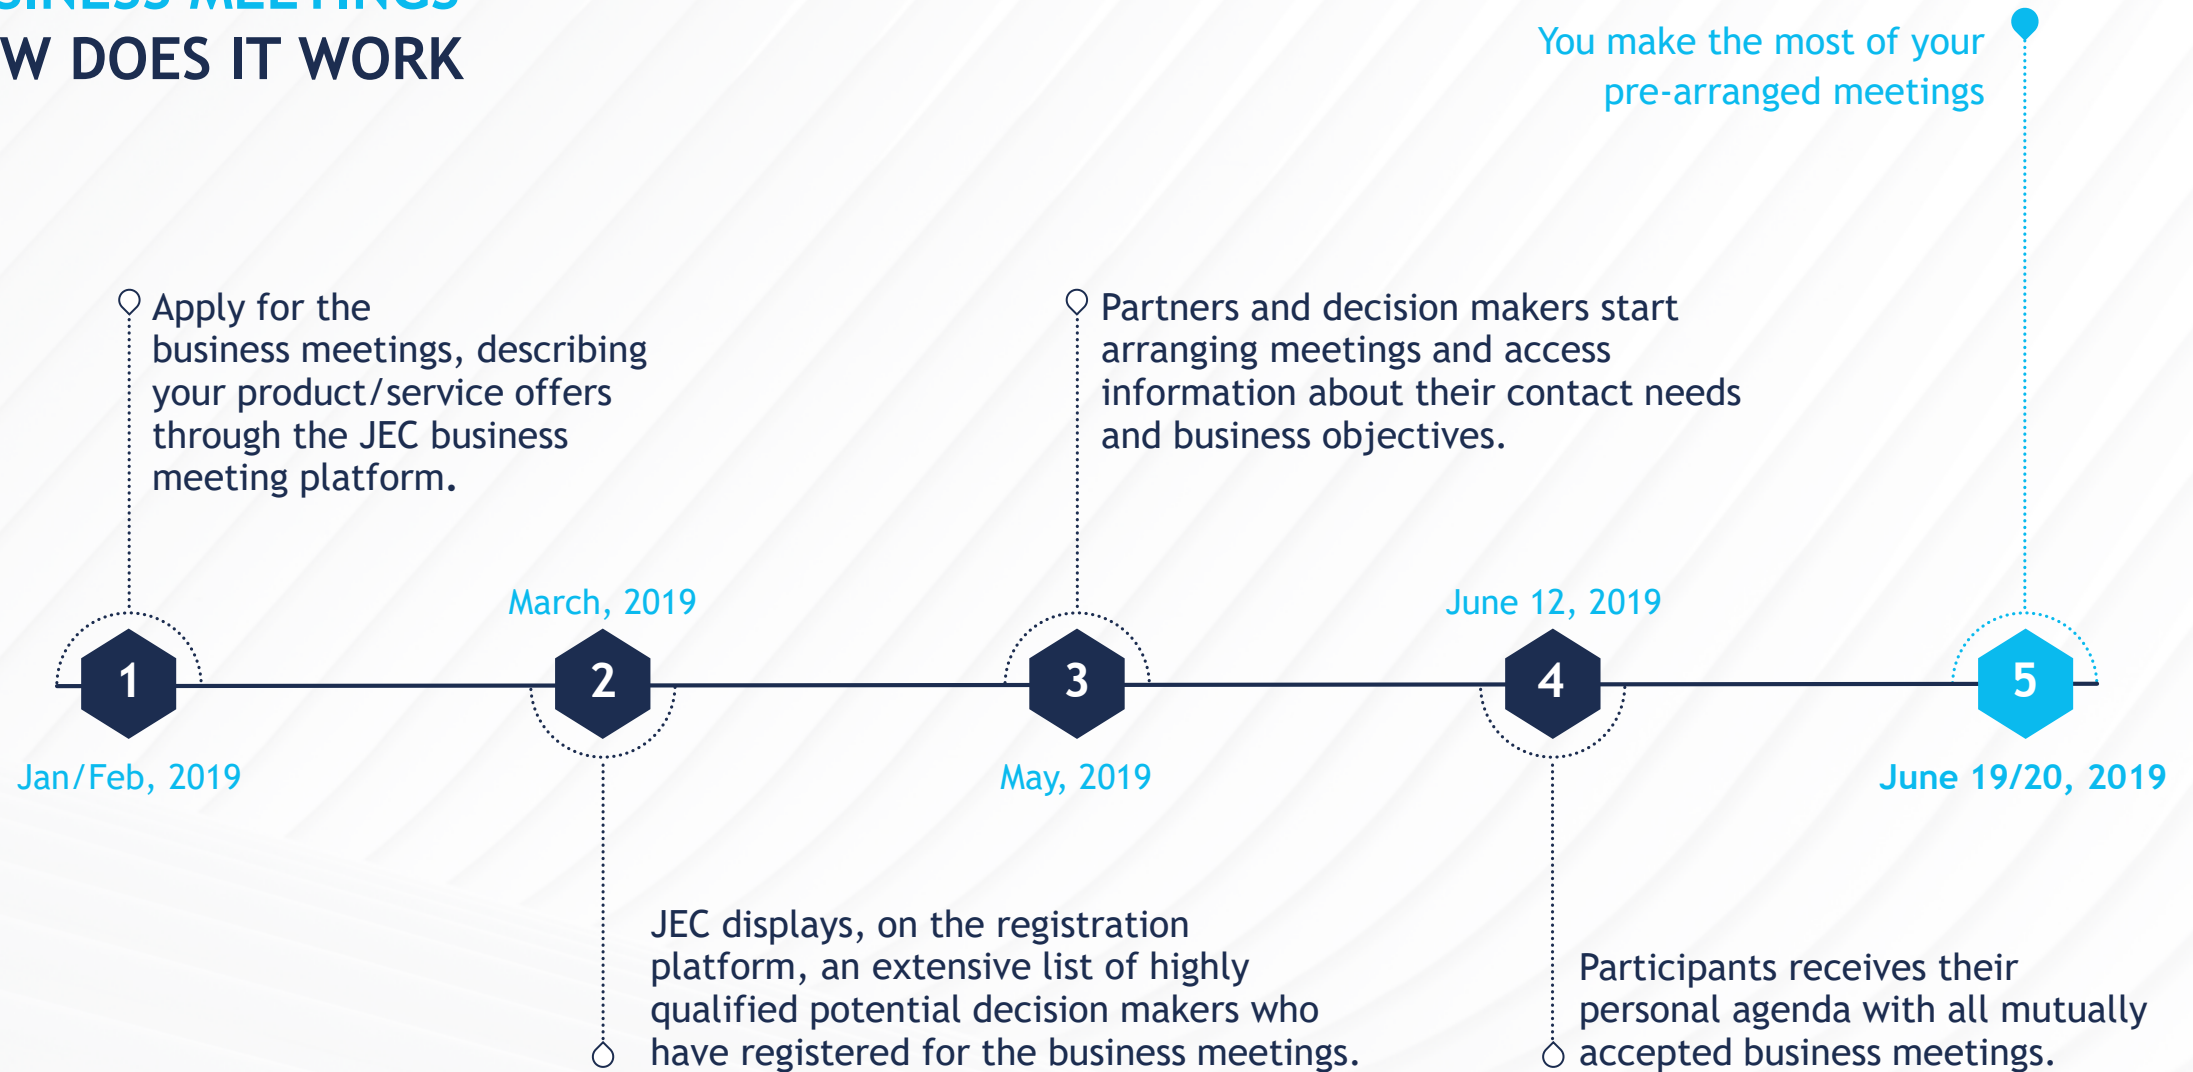

BUSINESS PURPOSES & TRANSACTIONS ARE NUMEROUS AT JEC GROUP EVENTS

BUSINESS MEETINGS

HOW DOES IT WORK

SPONSOR PACKAGES

		GOLD (\$5,500)	PLATINUM (\$12,000)
ONSITE SPONSORING & VISIBILITY	 8'X10' pipe and drape booth ID sign, one 6' skirted table, 2 chairs, 1 waste basket, carpeted area (electricity not provided)	1	2
