THE FUTURE OF Composites in Transportation BY JEC

The Future of Composites in Transportation is a unique two-day event combining Business and Networking. With innovation at the heart of the event, it introduces new and featured products for the Ground Transportation field: from driverless cars to buses and coaches, to trucks and trains.

JEC Group continues its focus on sectorial application-focused events and is launching **The Future of Composites in Transportation**, a brand new symposium and exhibition event dedicated to one of the biggest composite market segments: ground transportation.

The Future of Composites in Transportation will place innovation in the spotlight thanks to a wide variety of programs.

Lightweighting, improving performance and energy efficiency, customized designs, are only a few of the key challenges composite materials can, and will, help answer. Their exceptional properties ensure they will be an essential part of the future of the transportation industry.

Transportation Symposium: How Will Composites Further the Evolution of Ground Transportation?

	June 27	June 28
AM	Composites: a First-Rate Solution for Transportation	Improving Performance and Efficiency
PM	Optimizing Structural and Interior Design	Manufacturing: Lowering Assembly Time and Costs

Exhibition Area: Entirely dedicated to the transportation market and its many segments

Transportation Symposium: During the event, participants will be able to attend conference sessions focusing on Ground Transportation.

VIP Club Networking Platform: Invite your guests into the VIP Lounge. A real Network Area with a lot of interaction where you are sure to meet buyers.

Innovation Awards: Over the years, the JEC Innovation Awards Program has involved and benefited nearly 2,000 companies.

Transportation Composites Circle: Networking event focusing on Transportation with OEMs and top tier suppliers (Invitation Only).

Innovation Hub & Live Demos: Discover the Innovation Showcase area featuring innovative industry capabilities on the show floor, and attend Live Demos.

Job Center: The Job Center on site is returning to Chicago where participants will have the opportunity to distribute their resume if they are “on watch” or looking for a job. This is a one-of-a-kind opportunity to meet their future employers.

Education & Skills Village: JEC Group actively supports future generations by developing products and services for the benefit of students and universities around the globe.

Technical Posters: A free poster session gives students, researchers and companies the possibility to display a technical poster on composites for ground Transportation related subjects.

Exhibitor Reception: Organized by JEC, all exhibitors are invited to a private evening reception for more networking and business opportunities.

Composites Tour: JEC organizes a “Plant Tour” of selected industry leaders in the Chicago area, thus giving participants an exclusive opportunity to benefit from a guided tour within these organizations.

The diverse transportation markets such as buses, semi trailers, future cars, and trains, face several challenges. One of them is to reach manufacturing efficiencies and meet regulations on fuel consumption and carbon emissions. The market requires products that are durable, fire retardant, corrosion resistant but also allow strong mechanical performance, design flexibility and more.

These main topics will be highlighted during the symposium and the show-floor will be a first-rate place for you to do business with your peers.

CONTACTS

General Sales Conditions and Regulations:

General Conditions: The terms and conditions of trade fair organization and in particular the trade fair's opening and closing dates, duration, location, and participation fees, are set by the Organizer and are subject to change at the Organizer's initiative without giving rise to any payment claims. The Exhibitor agrees to respect and enforce the instructions set out in the Exhibitor's Guide provided. The signatory (Exhibitor) of the exhibit space rental contract is liable to the Organizer for all consequences arising out of non-compliance with the specifications.

Admission: Applications must be addressed to the Organizer using the valid forms. Upon receipt of the application by the Organizer, the company applying for exhibit space will be deemed to have examined the trade fair rules and regulations shown on the application form and to have accepted them without reserve. Any application from a candidate who has an outstanding debt or disputed claim with the Organizer will not be taken into account. The merchandise, products, or services presented by the Exhibitor must conform to the trade fair classification. Only applications that are duly signed by an individual deemed to have the proper authority to commit the exhibiting company and which are accompanied by the down payment as set by the Organizer will be taken into consideration. Notwithstanding payment of this first installment, the billing of it, and/or its receipt, acceptance of the applicant or his/her company is subject to appraisal. In case of refusal, the Organizer will notify the applicant or his/her company of the decision and reimburse any down payment made. Acceptance is made known by official notification from the Organizer or by the remittance of an invoice or a site map specifying the booth's location and surface area. Once acceptance has been confirmed, the Exhibitor shall comply with subsequent procedures until the trade fair opens.

Terms of Payment: Once the registration contract is submitted to JEC, the exhibitor receives an invoice payable at reception by wire Transfer, Visa, Mastercard, or AMEX (AMEX is only available online).

Withdrawal: Signing the application for participation constitutes a firm commitment. If the Exhibitor wishes to withdraw, he/she must notify the Organizer by registered letter with acknowledgement of receipt. If the withdrawal occurs before March 15th, 2018, the compensation fee is at 50% of the total amount, and 100% on and after March 16th, 2018, even if the Organizer is able to rent out the initially reserved space again. This is equally applicable if the Exhibitor has not taken possession of his/her space the evening before the opening of the trade fair. Any subsequent decrease in surface area will be considered as a cancellation for the subtracted surface area and subject to the penalties provided for thereof. Sponsoring: Signing the application Contract for sponsoring constitutes a firm commitment. If the sponsor wishes to withdraw, he/she must notify the Organizer by registered letter with acknowledgement of receipt. The compensation for sponsoring withdrawal is 100%.

Allocation of Space: The Organizer is free to manage the allocation of booth space as and when admission is granted, taking Exhibitor requirements and the nature of the exhibited products into consideration to the extent that it is possible. The Organizer reserves the right to alter the size and layout of the space rented by the Exhibitor, as he sees fit. The fact that an exhibitor has participated in previous Shows in no way constitutes a right to a specific location for that exhibitor. The Exhibitor will be notified of booth space allocation within a reasonable time before the Exhibitor may not exercise a remedy on any account against the Organizer.

Sub-letting / Co-Exhibitor: Subject to prior and written authorisation from the Organizer, the Exhibitor may not assign or sub-let the space that is allocated to him/her, notably in return for payment. However, exhibitors may perform as a group, subject to Organizer approval. Acceptance of a co-exhibitor or indirect exhibitor requires additional registration. A co-exhibitor or indirect exhibitor is a company that manifests its presence at the booth of another company through a listing, an object, or literature. Any co-exhibitor, whether an indirect exhibitor or member of a pavilion, will be deemed to have examined and accepted the rules and regulations for the trade fair.

Insurance: Insurance is obligatory for all exhibitors.

Cancellation of the Event: Should it be impossible to make use of the necessary premises, or should fire, war, public disaster, or any other act of God make it impossible for the trade fair to be held, the Organizer reserves the right to cancel location requests at any time by sending written notification to exhibitors, who may claim no right to set-off whatever the reasons for such a determination. Any amounts available after payment of all expenses incurred are to be divided up among exhibitors as a pro rata of the amounts paid; however, it is expressly agreed that the Exhibitor may not exercise a remedy on any account against the Organizer.

Organizer Liability: It is expressed, understood and agreed by each and every contracting exhibitor, his agents, and guests that neither the Organizer nor its employees or contractors shall be liable for loss or damage to the goods or properties of exhibitors. At all times such goods and properties remain in the sole possession, custody and control of each exhibitor, while on property.

Exhibitor's Guide: All details on Exhibitor participation in the trade fair are provided in the Exhibitor's Guide, which can be downloaded online after stand location validation. The Guide includes the orders slips for electricity, water, invitations, safety procedures, and customs, among others; instructions for arranging the booths; and a number of useful addresses.

Catalogue: All associations, companies, brand names, and materials must be duly declared and entered into the catalogue in order to be exhibited and presented to the public. The Organizer reserves the right to refuse to allow any association, company, brand name, or material that has not been duly declared and entered in the catalogue to be exhibited. The Organizer has the right to publish the exhibition catalogue or to have it published and distributed. The Exhibitor will provide the necessary information to the catalogue's editorial staff at his/her own liability. The Organizer may on no account be held liable for omission, reproduction errors, misprints, or any other errors that may occur, and reserves the right to make changes or to group certain entries as it sees fit.

Pictures: The Exhibitor specifically authorises the Organizer, free of charge, to photograph and/or film the Exhibitor, the Exhibitor's team, and the products exhibited at the Exhibitor's booth, utilise these images in any medium, notably for advertising, in France and abroad for an unrestricted period of time.

Labor: Exhibitor hereby agrees to use qualified and approved labor at all times while in the facility, and to abide by all agreements made between the facility, the Unions (if applicable), and Management.

Taxes and Licenses: Exhibitor shall be responsible for obtaining any licenses, permits, or approvals required under local, state, or federal law applicable to its activity at the exhibition. Exhibitor shall be responsible for obtaining any tax identification numbers and paying all taxes, license fees, or other charges that shall become due to any governmental authority in connection with its activities at the exhibition.

Unfair Competition: Throughout the entire Event, the Exhibitor specifically shall refrain from engaging in unfair competition and/or any unsatisfactory conduct that might result in the enticement of the Show's visitors to the benefit of the Exhibitor and to the detriment of the Organizer.

Claims / Disputes: Any claim must be sent by registered letter with acknowledgement of receipt within ten days after the end of the Event. In case of dispute, only the French text shall have probative force and only the Paris Courts of Law shall have jurisdiction.

Attorney's fees: Should Show Management find it necessary to employ an attorney or attorneys to enforce any of the provisions of this agreement or to protect in any manner its interest or interests under this agreement, Show Management, if it is the prevailing party, shall be entitled to recover from the other party all reasonable costs, charges and expenses including attorney's fees.
